Dear Mr. Thomson,

I appreciate your letter very muc, your good wishes and the DASE.

You should have seen what emerged as Case Open as it was submitted!

The used about 20-25% of it.

NEVER AGAIN! It has finally been announced for April. I hope they make it but I think there will be some delays.

I'm almost 82, in poor health but I'm still working and am making more of a record for our history, wwhether or not it will be published.

So at 71 you are a youngsterster!

Thanks and best wishes,

Harold Weisberg
